AMENDMENT

This Amendment is in response to the Office Action dated June 5, 2002. Please amend the application as follows:

In the claims:

1. An improved arrangement of the spatial relationship between the functional elements of a row crop harvester attachment for mounting on and co-acting with the functional elements of a mobile threshing unit comprising:

- a) a row crop harvester having a main frame attachment mounted to a mobile harvesting threshing unit;
- b) a first conveyor system in said row crop harvester including a power
